NICO ITALIA EYEWEAR COLLECTION

Modern Eyewear originally introduced the Nico Italia Collection to the UK in 1993 through its sister Company Universal Eyewear. The brand was later brought under the wing of Modern Eyewear and has expanded to bring the latest trends, styles and colours not only to the UK but throughout Europe. Every frame is supplied with a modern fashion case.

All the frames in the range can be supplied as frame only or as complete spectacle packages from our leading Optical Laboratories in Glasgow and Belfast. Please call us for details on our Glazing and Uncut services.
